What are you waiting for?

SAVE THOUSANDS OF DOLLARS WHEN YOU JOIN THE CLUB.

The most cost-effective way to learn is to become a New Horizons Club member. During your membership period, you can take as many classes in your club as you want - just a few, every single course, or even a repeat course - yet you pay just one low price. And you can take them whenever it's convenient for you.

No matter which club you join, you can choose from these club options:

If you want to take an application course that's not included in your club, you'll receive a substantial discount on the fee. You'll also save big when you renew your club membership before it expires. And if you refer a new club member to us, you can save 50% on your membership renewal.

Talk to your Account Executive and sign up today to start saving money on your training!

We Can Take You Higher!

CHOOSE THE LEARNING APPROACH THAT'S BEST FOR YOU.

New Horizons Computer Learning Centers help you keep up with technology and improve efficiency and productivity.

Exceptional classroom training. Students learn from qualified instructors. Classes are conducted in comfortable, well-equipped classrooms with one computer per student.

Convenient technology-based training. Stimulating, interactive learning using the Web or CD. Students set schedules and pace.

Accommodating on-site training. You set the time and class size. We come to your location with an instructor and computers.

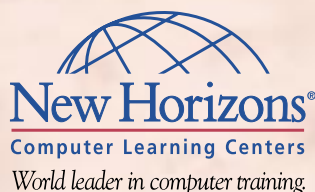

More courses at more times. All the applications and technical certification courses you need—days, evenings and weekends. We do more Microsoft technical training and certification than any other company.

More centers. Conveniently located across the country and around the world.

Telephone assistance 24 hours a day, 7 days a week. For 60 days following applications courses.

Guaranteed results. Students may retake applications courses free of charge within six months. Ask about our technical certification test-pass guarantee.

Reach higher! New Horizons has excellent career opportunities available.**

An MCSE used to be the computer "Phd"...

Now it's a starting point!

There are many companies in our area that provide technical computer training, but no one can give you the variety and hands-on experience that New Horizons can. We won't sell you training that you don't need, or don't want. We will sit down and spend the necessary time with you to make sure that we have a clear understanding of where you want to go, and how we need to help you get there. The biggest difference between our program and any other, is the people at our center and our sincere commitment to world class customer service. If you have decided that working with computers, networks, and/or web pages and hardware is the career for you, New Horizons can help you attain the certifications and real-world experience you need to find that dream job you have always wanted. Call New Horizons, the World Leader in Computer Training, and find out what great service, and great training can do for you!

Start Your Training Here!

Thank you for choosing New Horizons Computer Learning Centers of Rockford as your single training source. Following are registration and cancellation policies.

How to Register

Please register early by phone or fax. To register by phone, call New Horizons of Rockford at 815-332-8986 and ask for your Account Executive. If you are a new customer, just ask to speak to an Account Executive. Please be ready with your name, course, preferred date, company or credit card billing information, and if applicable, your club membership or coupon number. Be sure you have completed the prerequisites for any course you want to take. If you're not sure, please ask your Account Executive to help you determine your needs.

Payment in full is due by the date of your class

On Class Day

It is necessary to bring your coupon or your membership card with you and arrive **20 minutes prior to your class time**. We reserve the right to give your seat to another student if you arrive more than 15 minutes after class begins. If you arrive more than 30 minutes late, you will not be admitted. When you are repeating a course, you must bring the courseware you received from your original class.

Cancellation Policy

Application Classes; **To avoid being charged a fee, application classes must be cancelled one week or more before the class date.** Students cancelling less than one week but up to 24 hours prior to class will be charged 50% of the class tuition. Anyone cancelling less than 24 hours before the class will be billed for the full tuition. Application Club members who do not cancel one week prior to class or do not show at all, will be billed \$50. The Club Member will be placed on our ineligible list and will be unable to take classes until the \$50 fee is paid.

Technical Classes; **To avoid being charged a fee, technical classes must be cancelled two weeks or more before the class date.** Students cancelling less than two weeks but up to one week prior to class will be charged 50% of the class tuition. **Anyone cancelling less than one week before the start of the class will be billed for the full tuition of the class, as will no shows and students who do not complete the course.** Technical Track and Club Members who do not cancel at least two weeks prior to or do not attend a technical course for which they are registered, will be charged \$500. The student will be placed on our ineligible list and unable to take classes until their fee has been paid.
