We centered the adjustable straps so it could comfortably be worn as a backpack or conveniently thrown over 1 shoulder as a sling bag. We also incorporated a hook strap so it could be carried as a purse. We used each panel of the bag to create a separate compartment...3 open pockets inside and 1 zippered outside for organization and convenience. A flap-over magnetic closure covers the easily accessible drawstring. The drawstring can be tied for added security when worn as a backpack.

From Our Customers

I just received the small backpack I ordered from your website, and was delighted in the quality of the workmanship. I am (sorrowfully) replacing a leather backpack that has stood me in good stead for the last 23 years, and your pack has gone a long way to relieve the loss of this old friend. It's so much more finely made than its predecessor! I love the combination of practicality, organization of space, quality of workmanship, and elegance of design - not to mention the lifetime warranty. I look forward to many good years with this new pack, and hope more people find you on the web. You deserve it! -ginger

I just purchased the Lilly bag from Mark via the internet and am extremely pleased. The craftsmanship is beautiful and the organization of space is great. I am typically a Coach, D&B and even Louis Vuitton fanatic, but I think that this bag actually has been better constructed than either Coach or D&B. I'll definitely be back for more! -Claire

Mark: Received my order for 2 cigarette cases and just wanted to take the time to say how pleased I am with them and the promptness in which they were sent. I will be a return customer. Thanks. -Jackie

I look for your leather stuff every year at the Three Rivers Arts Festival in Pittsburgh - I especially enjoyed meeting you this year.

I'm glad you have a website now so I can get your bags for gifts year-round. -Charlie
